It's a New Year and a New Editor!

I'm sure everyone has noticed we haven't had a newsletter for awhile. Actually, it was 2005 when Laurie handled it and she did a great job! But lately many people have requested a need for the letter again, so I decided to give it a try. I don't have experience with newsletters, so please be patient while I learn the ropes. Anyone with ideas or information, please talk to me so I can use them in the letters. Any volunteers would be much appreciated too! I want to keep this

newsletter simple, so don't expect anything fancy. It will be used to keep club members informed of when, where and what is going on. But of course I would like any ideas you may have to improve the letter and ways of getting information out to our members. Obviously, I am looking for help here! I doubt I will be able to handle this newsletter without some assistance along the way. So anyone with experience, free

time or an article, give me a shout and we'll talk. Also, if you would like your birthday, anniversary or other announcement printed, please notify me with the details at least 2 weeks before the first of the next month. You can email any information to clubinfo@rpmcomaha.com.

BECOME AN RPMC EVENT REPRESENTATIVE TODAY

Participation in the RPMC sponsored event runs for 2006 was lower than expected. These yearly events promote and help secure the future of our club. When members are more involved with the events, the public will become more involved. This does not require special talents, it simply happens when inviting friends and family members to our events. Our image is also elevated when the public has an understanding of our goals as a motorcycle club. Some people don't realize why these charity events take place and what they do for the community. All RPMC members need to become a spokesperson for these events to make them successful. We need more members to volunteer and become knowledgeable so they can go out and promote each event. To help accomplish this effort, the newsletter will include information about these events and the goals we want to achieve. So watch for future articles in 2007 on each of the club event runs, attend the meetings for more information and become an RPMC event representative today!

Let's have a safe and fun year.....
